

Joint Announcement

APRIL 20th, 2026

RV CLASSIFICATION

To provide clearer guidance and greater consistency for clients, RV-type vehicles will be referred to generally as motorhomes and will be classified into Class A and Class B.

Class A Motorhomes

Class A motorhomes are larger vehicles with a passenger capacity of approximately 6 to 8 people. A vehicle will be classified as Class A when it falls within the following parameter:

Length: more than 22 ft and up to 43 ft.

Class B Motorhomes

Class B motorhomes are more compact vehicles with a maximum passenger capacity of up to 5 people. A vehicle will be classified as Class B when it falls within the following parameter:

Length: 16 ft up to 22 ft.

In addition, compact vehicles such as vans or pickup vehicles that have been modified for RV use will be classified as Class B.

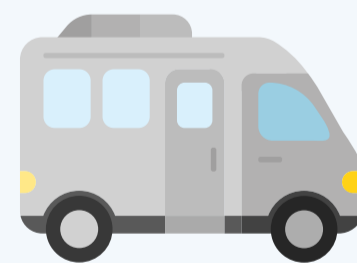

This classification will be used to provide a clearer and more consistent standard for the evaluation of RV-type vehicles for insurance purposes.
